**In Class Study**

My name is Aung Kyaw Phyo. I am 14 years old. My parents came to Thailand from Dawai before I was born.

The FED Thai School Integration Program has given me the opportunity to study at Wat Kommaneeyakhet School, a local Thai school, for the last 8 years.

My favorite subjects at school are Thai language and Mathematics. I have many friends that are both Thai and Burmese.

In the future I dream of studying agriculture at a university to become an Agriculture Officer.
